An entire workforce in the palm of your hand

GigHound helps you find workers whenever your business needs it, whether it's last-minute or a regular shift

Temporary

Full-time workers require full-time shifts. Using GigHound's pool of temp workers ensures that you only pay for the resources you need at the time you need them.

Fulltime

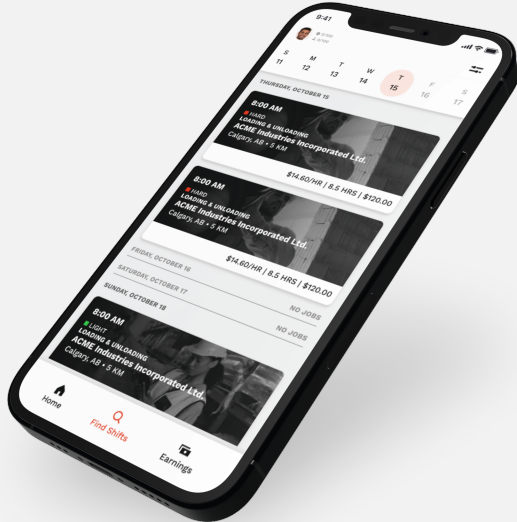

You are welcome to offer any of our temporary workers a full-time position without placement or temp-to-perm fees. It's our way to ensure you see us as partners helping you and your business.

Proven workforce

We've developed a proprietary system to ensure you get the best quality workers as often as possible. No more 5-star rating system. Workers know exactly where they stand and what they can do to improve.
